### Created for Glory

Some people believe in creation simply because that's what they've been taught at church. Many people believe in evolution simply because that's what they've been taught at school. Some Christians believe in macroevolution but say that God directed or controlled the process. How can we know the truth without a shadow of doubt? What does the scripture and evidences from science reveal to us on this matter? One's entire self-concept is tied up in his view of origins.

### The Bible's Oldest Prophecy

Where would one find the first and oldest prophecy in the Bible? What significance does that prophecy play in my life and yours? The Bible's first prophecy revealed that God would send a faithful rescuer to mankind. God's Kingdom will end wars, sickness, famine, even death itself. Thrilling Bible prophecies reveal what God's Kingdom will do here on the earth. That government will accomplish what no human agencies have ever done or could ever do.

### God's Blueprint for Living

Written by the finger of God and personally spoken by God, His perfect blueprint for our peace and happiness were stored in the inside of a sacred treasure chest known as the Ark of the Covenant. Known more commonly as the Ten Commandments, this perfect plan is important to each person on earth because they help shape the basic moral laws of every nation. Jesus taught us HOW to keep the Ten Commandments. He showed the way and will provide us help to follow God's good and beneficial way of life—the way of love. Love is the spiritual intent of the law.
